

Environmental and Sustainability Policy

A) STATEMENT OF POLICY

Oxenwood OEC is committed to addressing its impact on the Environment, and minimising the impact of our activities on the environment.

We strive to do this by using the below strategy:

- 1) Minimise waste by making our day to day operations are as efficient as possible
- 2) Avoid emissions were possible through careful use of vehicles, though the source of, and use of, energy and electricity
- 3) Promote, where possible, the recycling of any and all waste materials both by employees and customners
- 4) Wherever possible, we aim to use products which minimise our environmental impact due to their constuction or use
- 5) We aim to offset any carbon emissions through the careful use and maintenance of our grounds and areas we use and promote a healthy environment
- 6) Wherever possible we aim to leave the environments we use in a better condition than we find them

Oxenwood OEC strives to review and update this policy regularly.
